# Corporate governance

This section sets out the Board of Directors' report on corporate governance as required by Article L. 225-37 of the French Commercial Code (*Code de commerce*).

It describes, in the context of the preparation of the financial statements for FY 2024, the conditions governing the preparation and organisation of the work performed by the Board of Directors and its Committees, the powers entrusted to the Chairman & CEO, the principles and rules used to determine compensation and other benefits granted to the Corporate Officers, and the compensation policies applicable to the Chairman & CEO and to the Directors, in accordance with

Articles L. 22-10-8 and L. 22-10-9 of the French Commercial Code, and provides the other information required pursuant to Articles L. 22-10-10, L. 22-10-11 and L. 225-37 *et seq.* of the French Commercial Code.

This report was prepared on the basis of the work carried out by several different departments of the Company, in particular the Group Legal, Internal Audit and Human Resources Departments. It was approved by the Board of Directors on 27 August 2025, following the examination by the Board's Committees of the sections relating to their respective areas of competence and was provided to the Statutory Auditors.

## 2.1 Our governance

### 2.1.1 Governance framework and structure as of 30 June 2025

\* Further to the entry into force of the Corporate Sustainability Reporting Directive (CSRD), the Audit Committee and the CSR Committee will hold a joint meeting once a year to review and validate the Group's compliance and, in particular, to review sustainability reporting.

#### 2.1.1.1 Reference corporate governance code: the AFEP-MEDEF Code

On 12 February 2009, Pernod Ricard's Board of Directors confirmed that the AFEP-MEDEF Corporate Governance Code for listed companies published in December 2008 and last revised in December 2022 (the "AFEP-MEDEF Code"), available on the AFEP and MEDEF websites, is the Code to which Pernod Ricard refers for corporate governance issues, notably for preparing the report required by Article L. 225-37 of the French Commercial Code.

In accordance with the "comply or explain" rule set forth in Article L. 22-10-10 of the French Commercial Code and referred to in Article 28.1 of the AFEP-MEDEF Code, the Company considers that its practices comply with all the recommendations of the AFEP-MEDEF Code.

### 2.1.1.2 Governance structure

#### A combined-role structure adapted to the Group's organisation

As French regulations do not favour any specific general management structure for listed companies, it is the responsibility of the Company's Board of Directors to choose between a combined-role structure where one person holds the positions of Chairman & CEO or a structure where those positions are separated and held by different people.

Following the expiry of Pierre Pringuet's term of office as Chief Executive Officer and Danièle Ricard's expressed wish to step down from her position as Chairwoman of the Board of Directors, at its meeting on 11 February 2015, the Board decided to combine the positions of Chairman & CEO in order to simplify the decision-making process and enhance the effectiveness and reactivity of the Company's governance. At the same meeting, the Board appointed Alexandre Ricard as Chairman & CEO. In order to ensure good governance of the Company, the Board of Directors set limits on the powers of the Chairman & CEO, by requiring that the Board's prior authorisation be obtained for a certain number of transactions, notably external growth transactions and divestments representing amounts greater than €100 million, and loans exceeding €200 million (see subsection below "Limitation on the powers of the Chairman & CEO"). At its meeting on 23 January 2019, the Board of Directors then appointed Patricia Barbizet as Lead Independent Director, again to ensure good governance of the Company.

The Company has also put in place a number of guarantees to help the Chairman & CEO perform his duties as Chief Executive Officer. In FY 2025, he was supported by the Executive Committee. The Executive Committee, which is the permanent body responsible for coordinating and managing the Group, sets the Group's strategic objectives in line with the priorities decided by the Board of Directors, coordinates their implementation and steers the Group's overall performance. Its members are global heads of the Group's corporate functions, operational divisions and geographic regions.

#### A balance of powers ensured by a balanced governance structure

##### Powers of the Chairman & CEO

In his capacity as Chairman of the Board of Directors, the Chairman & CEO organises and leads the Board's work, on which he reports to the Shareholders' Meeting. He oversees the proper operation of the Company's managing bodies and ensures, in particular, that the Directors are in a position to fulfil their duties. He can also request any document or information which can be used to help the Board prepare its meetings.

In his capacity as Chief Executive Officer, the Chairman & CEO has full powers to act in the name of the Company in all circumstances. He exercises these powers within the limits of the corporate purpose and subject to (i) the powers expressly granted by law to the Shareholders' Meetings and to the Board, and (ii) internal limits as defined by the Board of Directors in its Internal Rules and Regulations<sup>(1)</sup>.

#### Limitation on the powers of the Chairman & CEO

For internal purposes, following the decision made by the Board of Directors on 11 February 2015 and in accordance with Article 2 of the Board's Internal Rules and Regulations<sup>(1)</sup>, prior to making a commitment on behalf of the Company, the Chairman & CEO must obtain the authorisation from the Board of Directors for any significant transactions that fall outside the strategy announced by the Company, as well as the following transactions:

- carrying out any acquisitions or disposals of investments or assets for an amount exceeding €100 million per transaction;
- entering into any partnerships or resource-pooling transactions when the Company's contribution (other than through an acquisition or investment covered by the previous point) represents a financial commitment exceeding €100 million per transaction;
- granting loans, credits or advances exceeding €100 million per borrower, except when the borrower is an affiliate of Pernod Ricard (as defined in Article L. 233-1 of the French Commercial Code) and with the exception of loans granted for less than one year;
- putting in place borrowings, with or without using corporate assets as collateral, exceeding €200 million in the same financial year, except borrowings from affiliates of Pernod Ricard (as defined in Article L. 233-1 of the French Commercial Code), for which there is no limit; and
- granting pledges, sureties or guarantees, except with an express delegation of authority from the Board of Directors within the limits provided for by Articles L. 225-35 and R. 225-28 of the French Commercial Code.

On 8 November 2024, the Board of Directors authorised the Chairman & CEO, for a period of one year, to grant pledges, sureties or guarantees in the name of the Company up to an overall limit of €100 million, and for an unlimited amount to tax and customs authorities.

#### Role, responsibilities and activity report of the Lead Independent Director

At its meeting on 23 January 2019, based on a proposal of the Nominations and Governance Committee, the Board created the position of Lead Independent Director and entrusted it to Patricia Barbizet.

In accordance with the Internal Rules and Regulations<sup>(1)</sup> of the Board of Directors, the Lead Independent Director performs the following tasks:

- calling Board of Directors' meetings at her own initiative or in the absence of the Chairman & CEO;
- being consulted on the agenda of Board meetings and may propose any additional items on said agenda;
- chairing meetings of the Board of Directors in the absence of the Chairman & CEO;
- leading the process of assessing the operating procedures of the Board of Directors with report to the Board;

<sup>(1)</sup> The Internal Rules and Regulations can be consulted on the Company's website ([www.pernod-ricard.com](http://www.pernod-ricard.com)). They may be amended at any time by the Board of Directors.

- taking action to prevent any conflicts of interest;
- ensuring compliance with the rules of the AFEP-MEDEF Code and the Board's Internal Rules and Regulations<sup>(1)</sup>;
- calling and chairs the executive sessions;
- ensuring that Directors have the necessary resources to carry out their duties under the best possible conditions, and that they are provided, in a reasonable manner, with the level of information appropriate to the performance of their duties;
- reviewing shareholders' enquiries relating to corporate governance and ensuring that they are answered; and
- meeting with the Company's investors and shareholders.

Since taking up her duties, the Lead Independent Director has in particular, along with representatives of general management and the Investor Relations Department, participated in several meetings dedicated to the Company's governance (roadshows), as well as met many of the teams at Pernod Ricard and some of its affiliates. She has also conducted the annual assessments of the operating procedures of the Board of Directors on the basis of individual interviews with each Director as set out in subsection 2.1.3.5 "Assessment of the Board of Directors".

The Lead Independent Director reports to the Board of Directors once a year on the performance of her duties. At Shareholders' Meetings, she may be invited by the Chairman & CEO to report on her activities. If the Lead Independent Director were no longer classified as an independent Director, her duties as Lead Independent Director would be terminated immediately.

### Employee representation on the Board

The appointment of a Director or Directors representing employees on the Board of Directors was introduced at the end of 2013. As a result, Pernod Ricard SA employees are now represented on the Board of Directors by a single person, currently, Paula Reisen.

## Group management structure

### General Management

At 30 June 2025, the Group's general management function was carried out by the Chairman & CEO, assisted by the Executive Committee.

### Executive Committee

The Executive Committee is the permanent body responsible for coordinating and managing the Group and assists the Chairman & CEO with his duties and responsibilities. The Executive Committee sets, in particular, the Group's strategic objectives in line with the priorities decided by the Board of Directors, coordinates their implementation and steers the Group's overall performance. Its members are global heads of the Group's corporate functions, operational divisions and geographic regions.

At 30 June 2025, the members of the Executive Committee were:

- **Alexandre Ricard**, Chairman & CEO, Corporate Officer;
- **Maria Pia De Caro**, EVP Integrated Operations and S&R;
- **Hélène de Tissot**, EVP Finance & IT;
- **Anne-Marie Poliquin**, EVP Legal and Compliance;
- **Cédric Ramat**, Group EVP Human Resources;
- **Conor McQuaid**, Chairman and CEO Pernod Ricard USA;
- **Gilles Bogaert**, EVP Global Markets;
- **Philippe Guettat**<sup>(1)</sup>, EVP Global Brands.

The Internal Audit Department reports to the Chairman & CEO.

<sup>(1)</sup> Philippe Guettat stepped down from the Executive Committee on 31 July 2025, the date on which he retired and left the Group. Jean-Étienne Gourgues replaced Philippe Guettat on 1 August 2025, following his appointment as Executive Vice-President Global Brands. He also retains his role as Chairman and Chief Executive Officer of Chivas Brothers Limited.

(3) The Directors representing employees are not required to hold a minimum number of Company shares.

### 2.1.2.2 Changes in the composition of the Board of Directors over the last two financial years

#### During FY 2024

The Shareholders' Meeting of 8 November 2024 renewed, for a period of four years expiring at the end of the Shareholders' Meeting to be held in 2028 to approve the financial statements for FY 2028, the terms of office as Directors of Virginie Fauvel, Alexandre Ricard and César Giron.

#### During FY 2025

Since the terms of office as Directors of Anne Lange, Société Paul Ricard, represented by Patricia Ricard Giron, and Veronica Vargas are due to expire at the close of the Shareholders' Meeting of 27 October 2025, this Shareholders' Meeting will be asked (in the 4<sup>th</sup>, 5<sup>th</sup> and 6<sup>th</sup> resolutions), in accordance with the recommendations of the Nominations and Governance Committee, to reappoint them as Directors.

- Anne Lange would be appointed for a two-year term, expiring at the close of the Shareholders' Meeting to be held in 2027 to approve the financial statements for FY 2027;
- Société Paul Ricard, represented by Patricia Ricard Giron and Veronica Vargas, would be appointed for a four-year term expiring at the end of the Shareholders' Meeting to be held in 2029 to approve the financial statements for FY 2029.

These candidates were recommended by the Board of Directors based on their diverse and varied skills and expertise. Anne Lange will bring to the Board her digital and technological expertise, Patricia Ricard Giron her extensive knowledge of environmental issues and her expertise in sustainable development, and Veronica Vargas her experience in finance, mergers and acquisitions in large corporations.

Following a review, the Nominations and Governance Committee and the Board of Directors confirmed that Anne Lange and Veronica Vargas meet the AFEP-MEDEF independence criteria adopted by the Company.

Namita Shah has informed the Board that she is not seeking reappointment as a Director. On the recommendation of the Nominations and Governance Committee, the Board has therefore decided to propose the appointment of Albert Baladi (7<sup>th</sup> resolution) and Jean Lemierre (8<sup>th</sup> resolution) as Directors. Both would be appointed for a four-year term, expiring at the close of the Shareholders' Meeting to be held in 2029 to approve the financial statements for FY 2029.

The Nominations and Governance Committee, together with the Board of Directors, carefully examined the candidacies of Albert Baladi and Jean Lemierre, highlighting the complementary nature of their profiles as well as the quality of their professional backgrounds. Albert Baladi has extensive experience in the spirits and consumer goods industry and in the North American market, while Jean Lemierre has recognised financial and international expertise. Their respective expertise would therefore represent a valuable addition to the Board's work.

Following a review, the Nominations and Governance Committee and the Board of Directors also confirmed that Albert Baladi and Jean Lemierre meet the AFEP-MEDEF independence criteria adopted by the Company.

Albert Baladi, of Lebanese origin and residing in New York, is a recognised expert in the spirits and consumer goods industry. During his 13 years at Suntory Global Spirits (formerly Beam Suntory), he held the positions of President of the International

Region, President of North America and then Chief Executive Officer. Under his leadership, Beam Suntory strengthened its international expansion and its position among the worldwide leaders in the spirits industry. Earlier in his career, Albert Baladi held various roles in Marketing and General Management at Procter & Gamble, PepsiCo and Yum! Brands, developing a strong expertise in brand strategy and international development.

Jean Lemierre, a French national, has been Chairman of the Board of Directors of BNP Paribas since 2014. He has had a distinguished career both nationally and internationally, having notably served as Director General of the French Treasury, Chairman of the European Union Economic and Financial Committee, and President of the European Bank for Reconstruction and Development (EBRD). Jean Lemierre is particularly recognised for his experience in financial and international matters.

#### Albert Baladi

A graduate of HEC Lausanne, Albert Baladi began his career at Procter & Gamble in 1987, where he held various roles in Marketing, notably as Head of Marketing for Ariel France. In 1994, he joined PepsiCo, where he served as Vice President of several divisions and brand groups before becoming General Manager of Pepsi-Lipton International from 2004 to 2007. He subsequently joined the group Yum! Brands as Chief Operations & Development Officer and later became Managing Director for the South Pacific region. In 2011, he joined Beam Suntory (now Suntory Global Spirits) where, over nearly 13 years, he successively held the positions of President of the Europe, Middle East Africa region, President of the International region, President of the North America region, and lastly Chief Executive Officer of the Group until 2023. Since then, he has been involved in a number of investments in start-ups and held various board advisory positions.

#### Jean Lemierre

A graduate of the Institut d'Études Politiques de Paris and the École Nationale d'Administration, Jean Lemierre held various positions within the French tax authorities, including as Head of Tax Legislation and Director General of Taxes. He was subsequently appointed as Chief of Staff to the French Minister of the Economy and Finance then Head of the French Treasury in October 1995. Between 2000 and 2008, he was President of the European Bank for Reconstruction and Development (EBRD). From 2008, he acted as an advisor to the Chairman of BNP Paribas, before becoming Chairman on 1 December 2014. Jean Lemierre also contributes his expertise to a wide range of corporate boards and financial institutions.

If the shareholders approve the above recommendations, at the close of the Shareholders' Meeting of 27 October 2025, the Board of Directors would comprise 15 members (including two directors representing employees), of which eight independent Directors (61.5%)<sup>(1)</sup> and six women (46.2%)<sup>(1)</sup>, in accordance with the recommendations of the AFEP-MEDEF Code and the French law on balanced representation of women and men on Boards of Directors and gender equality in the workplace. Additionally, six Directors would be of non-French nationality (including the Directors representing employees).

<sup>(1)</sup> Directors representing employees are not taken into account for calculating the percentages of independence and gender balance in accordance with the AFEP-MEDEF Code and Article L. 225-27-1 of the French Commercial Code, respectively.

### 2.1.2.3 General rules concerning the composition of the Board of Directors and the appointment of Directors

The members of the Board of Directors are listed in subsection 2.1.2.1 "Composition of the Board of Directors and its Committees" above.

The rules applicable to appointing members of the Board of Directors and removing them from office are the legal rules applicable in France and those set out in Articles 16 *et seq.* of the Company's Bylaws<sup>(1)</sup>. They are described below. The Board comprises no fewer than three and no more than 18 members, unless otherwise authorised by law. In accordance with the Company's Bylaws, each Director must own at least 50 Company shares in registered form. However, the Board's Internal Rules and Regulations<sup>(2)</sup> recommend that, during their term of office and no later than two years following their appointment, Directors acquire a number of Company shares at least equivalent to one year's worth of compensation (fixed and variable portions) payable to a Director who has attended all meetings of the Board of Directors (excluding compensation related to participation in Committees)<sup>(3)</sup>.

The members of the Board of Directors are appointed by shareholders in an Ordinary Shareholders' Meeting and are proposed by the Board of Directors following the recommendations of the Nominations and Governance Committee. They can be removed from office at any time by decision of a Shareholders' Meeting.

In accordance with the French law of 22 May 2019 on business growth and transformation (PACTE law) and the Company's Bylaws<sup>(3)</sup>, the number of Directors representing employees depends on the total number of Directors on the Board. Given the composition of the Board of Directors, there have been two Directors representing employees since 2018. One is appointed by the Group Committee (France) and the other by the European Works Council.

A representative of the Company's Economic and Social Committee attends the meetings of the Board of Directors in an advisory role.

The Board of Directors may, upon proposal of its Chairman, appoint one or more non-voting Board members, who may be either individuals or legal entities and who may or may not be shareholders.

The term of office of Directors is four years. However, on an exceptional basis, the Shareholders' Meeting may, based on a proposal by the Board of Directors, appoint certain Directors or renew their terms of office for a period of two years so as to enable a staggered renewal of the Board of Directors.

The Board of Directors and the Nominations and Governance Committee regularly assess the composition of the Board and its Committees as well as the different skills and experience of each Director. They also identify the guidelines to be issued in order to ensure the best balance possible by seeking complementary profiles from both international and diversity perspectives in terms of nationality, gender, and experience.

## Selection process for members of the Board of Directors

<sup>(1)</sup> The Bylaws can be consulted on the Company's website ([www.pernod-ricard.com](http://www.pernod-ricard.com)).

<sup>(2)</sup> The Internal Rules and Regulations can be consulted on the Company's website ([www.pernod-ricard.com](http://www.pernod-ricard.com)). They may be amended at any time by the Board of Directors.

<sup>(3)</sup> This requirement and recommendation concerning Directors' shareholdings are not applicable to Directors representing employees.

In accordance with the AFEF-MEDEF Code's recommendations, the Nominations and Governance Committee has put in place a procedure for selecting future members of the Board of Directors in the event of a vacancy of any kind or for new appointments.

The Nominations and Governance Committee sets formal selection criteria for new directorship candidates with the aim of achieving balanced representation and complementarity between the different profiles on the Board. Regarding the determination of the selection criteria, the Nominations and Governance Committee takes into account the Board of Directors' diversity policy, not only in terms of expertise and experience, but also in terms of independence, gender representation, nationality and seniority, as well as any specific expectations of the Board expressed during the assessment of its operating procedures.

Once the needs of the Board of Directors have been identified and the selection criteria formalised, the Nominations and Governance Committee, with the support of a firm specialised in the recruitment of Directors, draws up a list of potential candidates. The Committee then organises interviews with the shortlisted candidates to ascertain their independence, availability, motivation and commitment to the Group's values.

Following these interviews and after having reviewed the different profiles, the Nominations and Governance Committee makes its recommendations to the Board of Directors regarding the appointment of one or more candidates. The Board then analyses the various profiles that have been submitted and proposes the appointment of the final candidates to the Shareholders' Meeting.

### Continuous training for Directors

In accordance with the Internal Rules and Regulations<sup>(1)</sup> of the Board of Directors, each Director may, if they consider it necessary, receive training on the specific features of the Company, its businesses and its business sector at the time of their appointment and throughout their term of office.

They may also, if they wish, meet with the Heads of the Company's operational teams, after having informed the Chairman of the Board of Directors.

During FY 2025, Brice Thommen attended a training course on strategic decision-making for directors organised by the French Institute of Directors, and also took part in their Director's Day event.

### Succession plan

The Nominations and Governance Committee, at the initiative of its Chair, who is the Lead Independent Director, periodically reviews the Group's succession plan. This allows her to establish and update a succession plan covering several time horizons:

- short term: unexpected succession (resignation, incapacity, death);
- medium term: accelerated succession (poor performance, misconduct); and
- long term: planned succession (retirement, end of term of office).

The Nominations and Governance Committee works in close collaboration with General Management in order to ensure overall consistency of the succession plan and continuity in key positions. In order to make sure that the succession plan for the Group's management bodies is prepared in the best way possible and is in line with the Company's strategic goals, a regular assessment of potential candidates and their career paths is carried out with the assistance of an independent firm.

In addition, the Nominations and Governance Committee works closely with the Board of Directors on this subject, and is particularly vigilant in maintaining the confidentiality of the information concerned.

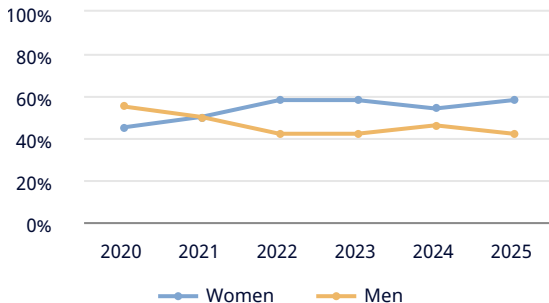

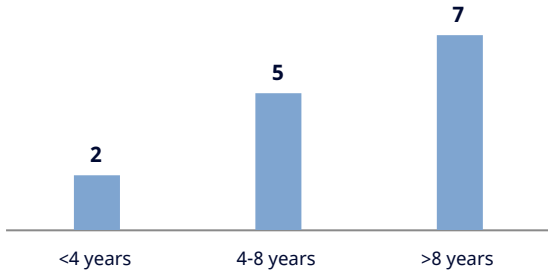

### A diversity policy ensuring balanced composition of the Board of Directors

Pernod Ricard is continuously striving to improve the make-up of its Board, in terms of both skills and diversity, in line with the Group's strategy. In accordance with Article L. 22-10-10 of the French Commercial Code, the Board of Directors applies a diversity policy to ensure a balanced membership with complementary profiles and expertise.

<sup>(1)</sup> The Internal Rules and Regulations can be consulted on the Company's website ([www.pernod-ricard.com](http://www.pernod-ricard.com)). They may be amended at any time by the Board of Directors.

- 8 independent Directors (61.5%);

- the average seniority on the Board of the Directors would be 10.8 years.

## 2.1.2.4 An independent Board of Directors with diverse and complementary skills, ensuring effective decision-making to meet the Group's challenges

### Independence of Directors

The Company applies the independence criteria set out in the AFEP-MEDEF Code (see table below). A member of the Board of Directors is considered "independent" when they have no relationships of any kind with the corporation, its group or its management that may interfere with his or her freedom of judgement (Article 3 of the Board's Internal Rules and Regulations<sup>(1)</sup>).

Therefore, the Board of Directors and the Nominations and Governance Committee use the following criteria to assess the independence of Directors in their annual review as well as in the event of a co-option, an appointment or a renewal.

The AFEP-MEDEF independence criteria are the following:

<b>Criterion 1</b>	Not to be, or not to have been during the previous five years (i) an employee or executive officer of the company, (ii) an employee, executive officer or director of a company consolidated within the corporation, or (iii) an employee, executive officer or director of the company's parent company or a company consolidated within this parent company.
<b>Criterion 2</b>	Not to be an executive officer of a company in which the corporation holds a directorship, directly or indirectly, or in which an employee appointed as such or an executive officer of the corporation (currently in office or having held such office within the last five years) holds a directorship.
<b>Criterion 3</b>	Not to be, or not to be directly or indirectly linked to, a customer, supplier, commercial banker, investment banker or consultant that is significant to the corporation or its group, or for which the corporation or its group represents a significant portion of its activity.
<b>Criterion 4</b>	Not to be related by close family ties to a company officer.
<b>Criterion 5</b>	Not to have been an auditor of the corporation within the previous five years.
<b>Criterion 6</b>	Not to have been a director of the corporation for more than 12 years.
<b>Criterion 7</b>	Non-executive officers: not to receive variable compensation in cash or in the form of securities or any compensation linked to the performance of the corporation or group.
<b>Criterion 8</b>	Directors representing major shareholders (+10%) of the corporation or its parent company may be considered as being independent, provided that these shareholders do not take part in the control of the corporation.

N/A: Not applicable.

X means the Director fulfils the independence criterion concerned.

(1) The reappointments of Anne Lange, Société Paul Ricard, represented by Patricia Ricard Giron, and Veronica Vargas as Directors are subject to the approval of the Shareholders' Meeting of 27 October 2025.

(2) In accordance with the AFEP-MEDEF Code (section 10.5.6), from 8 November 2024 Ian Gallienne ceased to be considered an independent Director, having served as a Director on Pernod Ricard's Board of Directors for 12 years.

(3) Patricia Ricard Giron has been the permanent representative of Société Paul Ricard, a Director, since 21 December 2021.

(4) In accordance with the AFEP-MEDEF Code, the Directors representing employees are not taken into account when calculating the percentage of independent Directors on the Board of Directors.

<sup>(1)</sup> The Internal Rules and Regulations can be consulted on the Company's website ([www.pernod-ricard.com](http://www.pernod-ricard.com)). They may be amended at any time by the Board of Directors.

As in previous years, the Board of Directors, on the recommendation of the Nominations and Governance Committee, carried out an annual review to assess the independence of the Directors. In particular, it reviewed whether any business relationships exist between the Group, on the one hand, and between Directors and the companies with which they are associated (as customer, supplier, commercial banker, investment banker or consultant), on the other hand. If a business relationship existed, the Board examined whether it was of a significant nature and, in accordance with the recommendations of the AMF, carried out a quantitative and qualitative analysis, adopting, where appropriate, a broad, multi-criteria approach. After consideration and review

of the AFEP-MEDEF Code criteria, and considering that from 8 November 2024 Ian Gallienne could no longer be considered independent following 12 years on Pernod Ricard's Board of Directors, at its meeting on 23 July 2025, in accordance with the recommendation of the Nominations and Governance Committee, the Board confirmed that seven out of the 12 Directors<sup>(1)</sup> were deemed to be independent at the reporting date: Patricia Barbizet, Virginie Fauvel, Anne Lange, Kory Sorenson, Namita Shah, Max Koeune and Philippe Petitcolin, representing more than half of the Board of Directors (58.33%), as required by the AFEP-MEDEF Code.

## A wide range of complementary skills fully in line with Pernod Ricard's strategy

The Board of Directors pays particular attention to the selection of its members. In addition to their ability to take into account the interests of all stakeholders, Directors are selected for their skills, experience and understanding of the Group's strategic challenges, and to reflect the diversity of the Group as a whole.

## A diversified and balanced Board of Directors

As indicated in the Board of Directors' diversity policy, this balanced representation has been achieved gradually. At the close of the Shareholders' Meeting of 27 October 2025, if the proposed resolutions are approved, the Board of Directors will comprise 15 members, including six women (46.2%),<sup>(2)</sup> which complies with the recommendations of the AFEP-MEDEF Code and the law on balanced representation of women and men on Boards of Directors and gender equality in the workplace.

## Nationality of Directors

The composition of the Board of Directors must be diverse, reflecting, as far as possible, the different geographical areas in which the Group operates. At the close of the Shareholders' Meeting of 27 October 2025, if the proposed resolutions are approved, six Directors will be of non-French nationality (including the Directors representing employees).

<sup>(1)</sup> In accordance with the AFEP-MEDEF Code, the Directors representing employees are not taken into account when calculating the percentage of independent Directors on the Board of Directors.

<sup>(2)</sup> Directors representing employees are not taken into account when calculating the percentages of independence and gender balance in accordance with the AFEP-MEDEF Code and Article L. 225-27-1 of the French Commercial Code, respectively.

#### Directors' Code of Ethics

Article 5 of the Internal Rules and Regulations<sup>(1)</sup>, adopted by the Board of Directors on 17 December 2002 and most recently amended on 19 July 2023, and Article 16 of the Bylaws<sup>(2)</sup> stipulate the rules of conduct that apply to Directors and their permanent representatives. Each Director acknowledges that they have read and understood their obligations under these provisions prior to accepting their position. The Internal Rules and Regulations also outline the various rules in force with regard to the conditions for trading in the Company's shares on the stock market and the notification and disclosure requirements relating thereto.

Moreover, at its meeting on 16 February 2011, the Board of Directors adopted a Code of Ethics to prevent insider trading and misconduct in line with the applicable legal obligations and in particular to comply with European market abuse regulations. This Code was last updated on 14 February 2024.

Directors, as well as any person attending meetings of the Board and its Committees, have access to sensitive information concerning the Company. As such, they are bound by a strict duty of confidentiality. Consequently, they must take all necessary measures to preserve the confidentiality of this information.

As the Directors have access to sensitive information on a regular basis, they must refrain from using this information to buy or sell shares of the Company and from carrying out transactions involving Pernod Ricard's shares or any related financial instruments in the 45 days prior to the publication of the full-year results, the 30 days prior to the publication of the interim results and the 15 days prior to the publication of quarterly net sales. These periods are extended to include the day after the publication when it takes place after the close of market trading (5.30 p.m., Paris time) and to the day of the publication when it takes place before the opening of the markets (9.00 a.m., Paris time). In addition, the Code of Ethics states that Directors must seek the opinion of the Trading Committee, formerly called the Ethics Committee, before carrying out any transactions involving the Company's shares or any related financial instrument.

#### Conflicts of interest

To the Company's knowledge and at the date hereof, there are no potential conflicts of interest between the duties of any of the members of the Company's Board of Directors or General Management with regard to the Company in their capacity as Corporate Officer and their private interests or other duties.

In accordance with the Board's Internal Rules and Regulations<sup>(1)</sup> and in order to prevent any risk of conflict of interest, each member of the Board of Directors is required to declare to the Board of Directors, as soon as they become aware of such fact, any situation in which a conflict of interest arises or could arise between the Company's corporate interests and their direct or indirect personal interests, or the interests of a shareholder or group of shareholders that they represent.

#### Absence of any conviction for fraud, involvement in bankruptcy or any offence and/or official public sanction

In accordance with Article L. 22-10-12 of the French Commercial Code, at its meeting on 28 August 2019, the Board of Directors approved an Internal Charter relating to the identification of regulated related-party agreements (the "Charter")<sup>(3)</sup>. This Charter formalises the procedure for identifying regulated related-party agreements, which applies prior to signing any agreements that could potentially be qualified as regulated, as well as in the event of amendment, renewal or termination of such agreements, including for agreements that were considered as "unregulated" at the time they were signed.

#### Shareholders' agreements

On 8 February 2006, Pernod Ricard was notified that a shareholders' agreement had been signed between Rafaël Gonzalez-Gallarza and Société Paul Ricard. Pursuant to this agreement, Rafaël Gonzalez-Gallarza has undertaken to consult Société Paul Ricard prior to any Pernod Ricard Shareholders' Meeting in order to vote in the same way. Furthermore, Rafaël Gonzalez-Gallarza has undertaken (i) to notify Société Paul Ricard of any additional acquisition of Pernod Ricard shares and/or voting rights, and (ii) not to acquire any Pernod Ricard shares if such a transaction would force Société Paul Ricard and the parties acting in concert to file a public offer for Pernod Ricard. Lastly, Société Paul Ricard has a pre-emption right with regard to any Pernod Ricard shares which Rafaël Gonzalez-Gallarza may wish to sell.

On 3 April 2025, Pernod Ricard was notified of the liquidation of the estate of Rafaël Gonzalez-Gallarza and of the distribution of the Pernod Ricard shares among his heirs (the "Gonzalez-Gallarza Granizo family", consisting of Martina Granizo Aranda, Isabel Gonzalez-Gallarza Granizo, Martina Gonzalez-Gallarza Granizo, Eduardo Gonzalez-Gallarza Granizo and Rafaël Gonzalez-Gallarza Granizo), who are bound by the undertakings given by Rafaël Gonzalez-Gallarza on 8 February 2006, to which they have confirmed that they will adhere as necessary.

In order to enable the Board to review and discuss the matters falling within its area of responsibility in detail, the Internal Rules and Regulations provide that Board meetings must be held at least six times a year. In particular, the Chairman of the Board of Directors ensures that Board meetings are held to approve the interim and annual financial statements and to convene the Shareholders' Meeting called for the shareholders to approve them.

Board meetings are called by the Chairman. The notice of the Board meeting, sent to the Directors at least eight days before the date of the meeting, except in the event of a duly substantiated emergency, must include the agenda and state

where the meeting will take place, which will be, in principle, the Company's registered office. Board meetings may also be held by video conference or other means of telecommunication, under the conditions provided for in the applicable regulations and the Internal Rules and Regulations.

Since FY 2017, the Directors hold a session at least once a year, in the absence of the Directors from Group Top Management (executive sessions). The purpose of these executive sessions is to assess the operating procedures of the Board of Directors and the performance of the Executive Corporate Officer, and to review his succession plan. The Directors receive the information they require to fulfil their duties. In accordance with the Internal Rules and Regulations<sup>(1)</sup>, the supporting documents pertaining to matters on the agenda are provided far enough in advance, generally eight days before meetings, to enable them to prepare effectively for each meeting.

A Director may ask for explanations or for additional information and, more generally, submit to the Chairman or the Lead Independent Director any request for information or access to information which they deem appropriate.

### 2.1.3.5 Board of Directors' assessment

From time to time, and at least once a year, the Board of Directors includes on its agenda a discussion about its operating procedures, focusing on the following areas:

- a review of its composition, operating procedures and organisation; and
- a check that significant issues are adequately prepared and discussed.

In accordance with the AFEP-MEDEF Code and with its Internal Rules and Regulations, the Nominations and Governance Committee and the Board carry out an annual assessment of the operating procedures of the Board and its Committees. In addition, every three years a formal external assessment is carried out with the support of a specialised consulting firm.

In FY 2024, as is the case every three years, a formal assessment was carried out with the support of an external firm.

The findings of the assessment showed that Pernod Ricard's Board of Directors operates very well, particularly for the following reasons:

- The Board's members have diverse profiles, with strong business backgrounds, and there is a good proportion of independent Directors.
- The Directors are highly engaged and diligent in their duties as Board members, which is led by a Chairman & CEO whose leadership is recognised and valued by all.
- Board meetings are run effectively, with high-quality discussions, including between the Directors and members of executive management.

The assessment also highlighted some areas for improvement and several recommendations were made. In particular, recommendations included continuing to devote more time to long-term strategic matters and to reviewing the Group's talent pool, with the suggestion that the roles of the Strategic Committee and Nominations and Governance Committee respectively could be reinforced in relation to the work on these issues.

In FY 2025, the annual assessment was conducted by Patricia Barbizet in her capacity as Lead Independent Director. She presented the results of this assessment to the Nominations and Governance Committee and the Board of Directors. The main findings of this assessment are as follows:

- The Board's culture is appreciated by all, and is considered to be collegial, dynamic and aligned with the Group's values, allowing for constructive exchanges between Board members.
- The Board's performance is enhanced by the profiles of its Directors, which are diverse and complementary.
- The Directors saw a continued improvement in the Board's performance over the year, but would still like to see more time devoted to in-depth thinking on forward-looking issues (such as geopolitical risks).

## 2.1.4 Structure and operating procedures of the Board Committees

Five Committees handle subjects in their area of responsibility and submit opinions and recommendations to the Board: the Audit Committee; the Nominations and Governance Committee; the Compensation Committee; the Strategic Committee; and the CSR Committee.

All of the Directors who are members of the Audit Committee are independent Directors (i.e., 100%), a higher proportion than the 67% recommended in the AFEF-MEDEF Code. The members of the Audit Committee were specifically chosen for their expertise in accounting and finance, based on their academic and professional experience.

The Internal Regulations of the Audit Committee were revised and approved at the Board of Directors' meeting of 17 July 2024.

**The Audit Committee met five times in FY 2025, with an attendance rate of 100%, including one joint meeting with the CSR Committee.**

- review of the interim financial statements at 31 December 2024 during the meeting held on 11 February 2025;
- review of the consolidated financial statements at 30 June 2025 (at the meeting held on 26 August 2025): the Audit Committee met with Management and the Statutory Auditors in order to discuss the financial statements and their reliability for the whole Group. In particular, it examined the conclusions of the Statutory Auditors and the draft financial reporting presentation to the markets;

- risk management: review of the update to the Group's risk map. The Group's main risks were regularly presented in detail to the Audit Committee;
- review of internal control: the Group sent its affiliates a self-assessment questionnaire to evaluate whether their internal control system is adequate and effective. Based on the Group's internal control principles and in compliance with the French Financial Markets Authority (*Autorité des marchés financiers* – AMF) reference framework for risk management and internal control and its application guide, this questionnaire covers corporate governance practices, operational matters and IT support. Responses to the questionnaire were documented and reviewed by the Group's Internal Audit Department. An analysis of the responses was presented to the Audit Committee at its meeting held on 26 August 2025;
- examination of the internal audit reports: in addition to the audits and controls carried out internally by the various affiliates, 39 affiliates were audited in FY 2025 by the Group internal audit teams (including IT audits). A full report was drawn up for each audit covering the types of risks identified – operational, financial, legal and strategic – and how they are managed. Recommendations are issued where deemed necessary. These are summarised for the Audit Committee, which is also regularly advised on the progress made in implementing the recommendations from previous audits; and
- approval of the Group internal audit plan for FY 2026 at the meeting held on 24 June 2025. The audit plan was prepared and approved, taking into account the Group's main risks.

### Transactions carried out by the Company related to its own shares during FY 2025 (1 July 2024 to 30 June 2025)

#### Authorisations granted to the Board of Directors

At the Annual Shareholders' Meeting of 10 November 2023, the Company's shareholders authorised the Board of Directors to buy or sell the Company's shares for a period of 18 months as part of a share buyback programme. The maximum purchase price was set at €330 per share and the Company was not authorised to purchase any more than 10% of the shares making up its share capital. Additionally, the number of shares held by the Company could not, at any time, exceed 10% of the shares comprising its share capital.

At the Annual Shareholders' Meeting of 8 November 2024, the shareholders granted the Board of Directors a further 18-month authorisation to trade in the Company's shares under the same conditions with a maximum purchase price set at €250 per share. This new authorisation superseded the unused portion of the previous authorisation granted at the Shareholders' Meeting of 10 November 2023.

Pursuant to these authorisations, the liquidity agreement compliant with the AMAFI Code of Ethics, which was entered into with Rothschild Martin Maurel with effect from 1 June 2012 and replaced by the agreement signed on 23 September 2019, was tacitly renewed on 1 June 2025 for a period of one year. The funds initially allocated to the management of the liquidity agreement amounted to €5,000,000.

The authorisation granted by the Shareholders' Meeting of 8 November 2024, which was still in force at the date this document was filed, will expire on 7 May 2026. At the Shareholders' Meeting of 27 October 2025, the shareholders will be invited to authorise the Board of Directors to trade in the Company's shares under a new share buyback programme, as described below, under "Description of the new share buyback programme to be submitted for authorisation at the Annual Shareholders' Meeting of 27 October 2025".

(1) Transfers of treasury shares.

(2) American call options.

Pursuant to the authorisations granted at the Shareholders' Meeting of 8 November 2024, at its meeting on 10 November 2024, the Board of Directors set up a performance share plan. In connection with this plan, an option-based hedging arrangement was entered into for 333,000 shares by acquiring the same number of three-year American call options. The Company also purchased 58,028 shares at a price of €105.91.

A number of shares acquired on the stock market in previous financial years were reallocated to cover various stock option or performance share plans and the 333,000 American calls exercisable for the same number of Pernod Ricard shares were earmarked to cover a portion of these stock option and performance share plans.

Treasury shares constitute reserves covering the various stock option and performance share plans still in force. During the period, the following transfers were made within these reserves of treasury shares: 395,273 shares were granted to beneficiaries of the performance share plans dated 27 November 2020 (at the end of the four-year vesting period) and 10 November 2021 (at the end of the three-year vesting period), 25,632 shares were transferred to cover the rights of beneficiaries who had exercised stock options, and 998 shares were transferred to cover early release events as provided for by law.

Under the liquidity agreement signed with Rothschild & Cie Banque, during the period, the Company:

- purchased 454,714 shares for a total amount of €50,986,847.89; and
- sold 443,214 shares for a total amount of €49,857,903.22.

## Distribution of treasury shares by purpose at 30 June 2025

All of the Company's treasury shares are allocated as reserves for its various stock option and performance share plans.

## Description of the new share buyback programme to be submitted for authorisation at the Annual Shareholders' Meeting of 27 October 2025

The description of this programme set out below, which has been prepared in accordance with Article 241-3 of the AMF's General Regulation, will not be published separately.

As the authorisation granted by the Shareholders' Meeting of 8 November 2024 allowing the Board of Directors to trade in the Company's shares is due to expire on 9 May 2026, a resolution will be proposed at the Shareholders' Meeting of 27 October 2025 (14<sup>th</sup> resolution – see Chapter 8 "Annual Shareholders' Meeting" of this Universal Registration Document) to grant a further authorisation to the Board of Directors to trade in the Company's shares at a maximum purchase price of €210 per share, excluding acquisition costs.

This authorisation would enable the Board of Directors to purchase Company shares representing a maximum of 10% of the Company's share capital. Thus, in accordance with the law, the Company may not at any time hold a number of shares representing more than 10% of its share capital.

As the Company may not hold more than 10% of its share capital, and given that it held 613,885 shares (i.e., 0.24% of the share capital) at the time of the last declaration relating to the number of shares and voting rights held (i.e., at 30 June 2025), the maximum number of shares that could be bought back would be 24,613,035 (i.e., 9.76% of the share capital), unless it sells or cancels shares it already holds.

The purpose of the share buybacks and the uses that may be made of the shares repurchased in this manner are described in detail in the 14<sup>th</sup> resolution to be put to the vote of the shareholders on 27 October 2025. The share buyback programme would enable the Company to purchase its own shares, either directly or indirectly, for the purpose of:

- (i) granting or selling the shares to employees and/or Executive Corporate Officers of the Company and/or its current or future affiliates under the terms and conditions provided for by law, in particular by granting stock options or as part of employee profit-sharing plans; or
- (ii) fulfilling the Company's commitments under financial contracts or options with cash payments relating to changes in the stock market price of Company shares, granted to employees and/or

Executive Corporate Officers of the Company and/or its current or future affiliates under the terms and conditions provided for by law; or

- (iii) granting free shares to employees and/or Executive Corporate Officers of the Company and/or its current or future affiliates, in accordance with the provisions of Articles L. 225-197-1 *et seq.* and L. 22-10-59 *et seq.* of the French Commercial Code, it being specified that the shares may be allocated, in particular, to a company savings plan in accordance with the provisions of Article L. 3332-14 of the French Labour Code; or
- (iv) retaining and subsequently tendering the shares (in exchange, as payment or otherwise) in connection with external growth transactions, subject to a limit of 5% of the number of shares comprising the share capital; or
- (v) delivering the shares upon the exercise of rights attached to securities granting access to the share capital through redemption, conversion, exchange, presentation of a warrant or in any other manner; or
- (vi) cancelling all or some of the shares bought back, under the conditions provided for in Article L. 22-10-62 paragraph 4 of the French Commercial Code and in accordance with the authorisation to reduce the share capital granted by the Shareholders' Meeting of 27 October 2025 in the 15<sup>th</sup> resolution; or
- (vii) enabling an investment services provider to make a market for Company shares in accordance with liquidity agreements in line with the terms of a Code of Ethics approved by the French Financial Markets Authority (AMF).

This programme is also designed to enable the Company to trade in its shares for any other authorised or compliant purpose or any purpose that may be authorised or become compliant with the applicable regulations in the future or that may be permitted as a market practice by the AMF in the future. The Company will inform the shareholders in a press release prior to carrying out any such transactions.

The number of Company shares purchased may be such that:

- the Company does not purchase more than 10% of the shares comprising its share capital at any time during the term of the share buyback programme; this percentage applies to the share capital as adjusted to reflect any corporate actions carried out subsequent to this Shareholders' Meeting; in accordance with the provisions of Article L. 22-10-62 of the French Commercial Code, when shares are bought back to promote the liquidity of the shares under the conditions set out by the applicable regulations, the number of shares taken into account for calculating the 10% limit corresponds to the number of shares purchased less the number of shares sold during the authorisation period; and
- the number of shares held by the Company at any time does not exceed 10% of the shares comprising its share capital.

The shares may be purchased, sold, transferred, delivered or exchanged, on one or more occasions, by any means authorised, including via block purchases or sales, as part of sale and repurchase agreements or public purchase or exchange offers, through the use of financial derivatives, on a regulated market, a multilateral trading facility, from a systematic internaliser or over the counter, or by means of option strategies (purchases and sales of puts and calls and any combinations thereof in compliance with the applicable regulations). Transactions carried out by block purchases or sales may account for the entire share buyback programme.

The above transactions would be carried out during periods considered appropriate by the Board of Directors. However, during a public offer, buybacks may only be carried out provided that they:

- enable the Company to meet commitments made prior to the launch of the public offer;
- are undertaken to pursue a share buyback programme already in progress;
- fall within the scope of the objectives referred to in points (i) to (iii) above; and
- cannot cause the offer to fail.

The Board of Directors may also, in accordance with the applicable laws and regulations, allocate shares previously bought back to another objective (including shares bought back under a previous authorisation) or sell the shares (on- or off-market).

This authorisation would be valid for a period of 18 months from the Shareholders' Meeting of 27 October 2025 and would supersede, as from this same date, any unused portion of the authorisation to trade in the Company's shares granted to the Board of Directors in the 14<sup>th</sup> resolution of the Shareholders' Meeting of 8 November 2024.

## 2.4 Factors liable to have an impact in the event of a public offer

In accordance with Article L. 22-10-11 of the French Commercial Code, the factors liable to have an impact on the Company's securities in the event of a public offer are set out below.

### 2.4.1 Capital structure of the Company

The Company's capital structure is shown in the table "Changes in the breakdown of share capital and voting rights over the last three years" in Chapter 9 "Information on the Company and its share capital", subsection 9.2 "Information on the share capital".

Threshold crossings declared during FY 2025 are also shown in the table entitled "Changes in the breakdown of share capital and voting rights over the last three years" in Chapter 9 "Information on the Company and its share capital" of this Universal Registration Document, subsection 9.2 "Information on the share capital".

### 2.4.2 Restrictions on the exercise of voting rights provided for in the Company's Bylaws and double voting rights

The Company's Bylaws<sup>(1)</sup> provide for a limit on voting rights. This mechanism is described in subsection 2.5.3 "Voting conditions" below. In addition, certain shares of the Company have double voting rights as described in subsection 2.5.3 "Voting conditions" below.

### 2.4.3 Agreements between shareholders of which the Company is aware

The shareholders' agreement between shareholders of the Company (agreement between Rafaël Gonzalez-Gallarza's heirs and Société Paul Ricard, owned by the Ricard family) is described under "Shareholders' agreements" in subsection 2.1.2.5.2 "Declarations by the members of the Board of Directors" of this Universal Registration Document and also appears on the AMF website ([www.amf-france.org](http://www.amf-france.org)).

<sup>(1)</sup> The Bylaws can be consulted on the Company's website ([www.pernod-ricard.com](http://www.pernod-ricard.com)).

## 2.4.4 Agreements entered into by the Company which would be amended or terminated in the event of a change of control of the Company

The Company's financing agreements provide for the possibility of early repayment of its borrowings in certain conditions. A description of the change of control clauses in these agreements is provided in subsection 5.6 "Material contracts" in Chapter 5 "Management report" of this Universal Registration Document.

## 2.4.5 Other factors

Amendments to the Company's Bylaws<sup>(1)</sup> are made in accordance with the applicable legal and regulatory provisions in France.

There are no specific agreements providing for indemnities in the event of the termination of the position of Directors, with the exception of the commitments to the Executive Corporate Officer described in subsection 2.6.2 "Compensation policy for the Chairman & CEO", in the "Policy on deferred commitments" paragraph.

# 2.5 Shareholders' Meetings and attendance procedures

The procedures that shareholders are required to follow in order to attend Shareholders' Meetings are set out in Article 32 of the Company's Bylaws<sup>(1)</sup>.

The shareholders meet each year at the Shareholders' Meeting.

## 2.5.1 Notice to attend meetings

Both Ordinary and Extraordinary Shareholders' Meetings are called, held and vote in accordance with the conditions provided for by law. They are held at the Company's registered office or at any other place stated in the notice of meeting.

Decisions by the shareholders are taken at Ordinary, Extraordinary or Combined Shareholders' Meetings depending on the nature of the resolutions they are asked to adopt.

## 2.5.2 Participation in Shareholders' Meetings

All shareholders have the right to attend Shareholders' Meetings of the Company and to participate in the deliberations, either in person or by proxy, regardless of the number of shares they hold. In order for a shareholder to have the right to participate in Ordinary or Extraordinary Shareholders' Meetings, the shares must be registered in the name of the shareholder or in the name of the financial intermediary acting on the shareholder's behalf at 00.00 (Paris time) two business days prior to the Shareholders' Meeting, either in the registered share accounts kept by the Company or in the bearer share accounts kept by the authorised financial intermediary.

The entry or recording of the shares in bearer share accounts kept by the authorised financial intermediary are acknowledged via a share certificate issued by the financial intermediary and attached as an appendix to the postal voting form, proxy form or application for an admission card made out in the name of the shareholder or on behalf of the shareholder represented by the registered financial intermediary. Any shareholder wishing to attend the Shareholders' Meeting in person who has not received their admission card by 00.00 (Paris time) two business days before the Shareholders' Meeting may also ask for such a certificate to be issued.

If a shareholder does not attend the Shareholders' Meeting in person, they may choose one of the following options:

- give a proxy to the Chairman of the Shareholders' Meeting;
- give a proxy to a spouse or partner with whom they have entered into a civil partnership agreement, or to any other person; or
- vote by post or via the Internet.

A shareholder who has already cast a postal or Internet vote, sent in a proxy form or applied for an admission card or a share certificate may sell all or some of their shares at any time. However, if the sale takes place before 00.00 (Paris time) on the second business day prior to the Shareholders' Meeting, the Company will invalidate or modify accordingly, as appropriate, the postal or Internet vote cast, proxy form, admission card or share certificate. For this purpose, the authorised financial intermediary in charge of the shareholder's account will inform the Company or its duly authorised agent of the sale and will provide it with the necessary information.

No sale or other form of transaction carried out after 00.00 (Paris time) on the second business day prior to the Shareholders' Meeting, regardless of the means used, will be notified by the authorised financial intermediary or taken into consideration by the Company, notwithstanding any agreement to the contrary.

<sup>(1)</sup> The Bylaws can be consulted on the Company's website ([www.pernod-ricard.com](http://www.pernod-ricard.com)).

### 2.5.3 Voting conditions

The voting right attached to the shares is proportional to the share capital they represent. Each share entitles its holder to at least one vote (Article L. 225-122 of the French Commercial Code).

#### Restriction on voting rights

Each member of a Shareholders' Meeting has as many votes as shares they possess and represent, up to 30% of the total voting rights.

#### Double voting rights

A double voting right compared to other shares (as regards the portion of the authorised share capital they represent) is given to all fully paid-up shares that can be shown to have been registered for at least ten years in the name of the same shareholder, as from 12 May 1986 inclusive (Article L. 22-10-46 of the French Commercial Code).

In the event of a share capital increase through the capitalisation of reserves, profits or share premiums, registered shares granted as bonus shares to a shareholder on the basis of existing shares for which they have double voting rights, will also have double voting rights as from their issuance (Article L. 22-10-46 of the French Commercial Code).

Any shares with double voting rights lose such double voting rights if they are converted into bearer shares or if their ownership is transferred. However, a transfer following the division of a deceased's estate or the liquidation of assets between spouses or an *inter vivos* donation to a spouse or relation close enough to inherit will not result in the loss of the acquired right and will not interrupt the aforementioned ten-year period.

#### Disclosure thresholds provided for in the Company's Bylaws

Any individual or legal entity that comes to hold an interest of more than 0.5% of the share capital must inform the Company of the total number of shares they own, by registered letter with recorded delivery, within four trading days of the date on which this threshold is exceeded. A further notification must be made, under the same conditions, each time any additional 0.5% threshold is exceeded, up to and including 4.5%.

In the event of non-compliance with the above-mentioned notification obligation, shares in excess of the undeclared amount will be stripped of their voting rights, at the request, as set forth in the minutes of the Shareholders' Meeting, of one or more shareholders holding at least 5% of the Company's share capital, for any Shareholders' Meetings held until the expiry of the period stipulated in Article L. 233-14 of the French Commercial Code following the date when the non-compliance is remedied and the required notification made.

### 2.5.4 Modification of shareholders' rights

The Extraordinary Shareholders' Meeting has the power to modify shareholders' rights, under the conditions defined by law.

## 2.6 Compensation report

This section was prepared with the assistance of the Compensation Committee in accordance with the applicable regulations, in particular the provisions of Order No. 2020-1142 of 16 September 2020 (hereinafter the "Order") supplemented by Decree No. 2020-1742 of 29 December 2020. The information provided also takes into account the provisions of the AFEF-MEDEF Code of Corporate Governance for listed companies.

The Company's compensation report for FY 2025 is presented below.

In FY 2025, Pernod Ricard achieved robust results within an environment of economic and geopolitical uncertainty amid the normalisation of the spirits market.

FY 2025 was characterised by a resilient financial performance, with a decline in net sales but strong growth in organic operating margin, strong discipline on costs and improved cash generation.

Despite the challenging environment, particularly in China, the United States and Travel Retail in Asia, Pernod Ricard maintained its market leading position and gained share in most of its priority markets.

The Group demonstrated its ability to adapt through strong cost discipline and improved operating efficiency, while continuing to make strategic investments in its brands to support sustainable long-term growth.

The role of the Compensation Committee is to review and propose to the Board of Directors the compensation to be paid to the Executive Corporate Officer(s), as well as measures relating to their retirement schemes and any other benefits granted to them. For this purpose, the Compensation Committee analyses the rules governing the determination of the variable portion of the compensation of the Executive Corporate Officer(s) annually to ensure that the criteria applied are in line with the Company's short-, medium- and long-term strategic goals. It also ensures consistency between the compensation policies of the Executive Corporate Officer(s) and members of the Executive Committee.

The Compensation Committee proposes to the Board of Directors the long-term incentive plan grant policy and, in particular, the conditions of these grants applicable to the Company's Executive Corporate Officer(s). Finally, it validates the information given to the shareholders on the compensation of the Executive Corporate Officer(s) (in particular the compensation policy and the components of compensation submitted to the vote of the shareholders as part of the "Say on Pay").

The compensation policy adopted by the Board of Directors on the proposal of the Compensation Committee includes incentives that reflect the Group's strategy focused on achieving long-term profitable growth by conducting business responsibly and in the interests of the Company and its shareholders, aligning compensation with the Company's short- and long-term performance by engaging executives with share-based incentives. This compensation policy, which reflects the interests of the Company, is in line with the Group's strategy and helps secure its long-term future. The performance conditions contained in the compensation policy for Corporate Officers are directly linked to the Group's performance metrics.

In FY 2025, the Compensation Committee met five times and examined the following matters:

- the compensation policy for the Chairman & CEO to be applied from FY 2025 in connection with the renewal of his term of office and a review of the *ex-ante* Say-on-Pay resolution to be recommended to the Board of Directors;
- the annual variable compensation due to the Chairman & CEO for FY 2024 and a review of the *ex-post* Say-on-Pay resolution to be recommended to the Board of Directors;
- annual variable compensation for FY 2025, including the determination of performance criteria for FY 2025;
- the Directors' compensation policy for FY 2025 to be recommended to the Board of Directors;
- long-term incentive plans, including determining whether the performance conditions underlying the 2021 plans had been met and the preparation of the 2024 performance share plan;
- a report on the meetings held with investors and proxy advisory firms about the compensation policy for the Chairman & CEO;
- gender pay equity and gender equality index.

Each year, the Board of Directors ensures that the three fundamental principles of Pernod Ricard's compensation policy are respected. For FY 2026, the Compensation Committee used an analysis carried out by an external firm to review the Chairman & CEO's compensation policy together with its competitiveness in relation to two comparison panels. At the same time, the Committee paid close attention to the comments received from shareholders and consulting agencies throughout the year.

The results of this analysis allowed the Board to assess that the compensation policy for the Chairman & CEO was in line with the three main compensation principles (rewarding performance, aligning the interests of the Chief Executive Officer with those of the shareholders and competitiveness).

In general, unless there is a significant change in the scope of responsibility, a significant gap in relation to the market or an overriding reason so requires, the possibility of revising the compensation policy for the Chairman & CEO is considered when his term of office is renewed.

Following the review carried out by the Compensation Committee, the Board of Directors has decided not to make any substantial changes to the compensation policy for the Chairman & CEO, in order to ensure its stability and consistency. However, to ensure that his compensation is aligned with the Group's strategy, and in particular to take account of the updates made to the Sustainability & Responsibility (S&R) roadmap, the Board has proposed to:

- adjust the S&R strategy criteria of annual and long-term variable compensation;
- remove Suntory from the peer panel, as it did not reflect the spirits business.

These changes, together with the analysis on competitiveness, are described in more detail in subsection 2.6.2 of this Universal Registration Document. The other components of the compensation policy remain unchanged.

## Description of the criteria

### Financial criteria

**Achievement of the annual target for profit from recurring operations:** adjusted for the effects of exchange rates and changes in the scope of consolidation. This criterion, one of the key elements of the Group's decentralised structure, provides an incentive to exceed the target for profit from recurring operations. This principle of a commitment to the annual target for profit from recurring operations aligns the divisions. This criterion rewards the management performance of the Executive Corporate Officer.

**Achievement of the annual target for Group share of net profit from recurring operations:** adjusted for the effects of exchange rates and changes in the scope of consolidation. This criterion takes into account the totality of the Group's financial elements that fall under the Executive Corporate Officer's responsibility for the financial year, aligning his compensation with that of the shareholders.

**Achievement of the annual target for recurring free cash flow:** adjusted for the effects of exchange rates. This criterion measures the Group's financial performance and value creation.

**Achievement of the annual target for the ratio of Group profit from recurring operations to net sales:** adjusted for the effects of exchange rates and changes in the scope of consolidation. This criterion measures how effectively the Company generates profit from its operations and is aligned with the Group's commitment to improving its operating margin. The divisions are rewarded based on the achievement level of their own targets for the ratio.

Information relating to the 2021 long-term incentive plan (2021 LTIP) –  
Achievement of performance conditions in 2024

The achievement levels of the performance conditions for the 2021 LTIP were set by the Board of Directors at its meetings on 28 August 2024 and 16 October 2024. The achievement of these conditions was measured over the following three consecutive financial years: FY 2022, FY 2023 and FY 2024.

The shares allocated under the plan would only vest if the presence condition was met at the vesting date (12 November 2024).

The vesting rate for the 2021 LTIP was 59%, as the total shareholder return (TSR) of the Pernod Ricard share was positioned below the panel median over the reference period. The vesting rate reflects the stringency of performance conditions and demonstrates the alignment of the Chairman & CEO's interests with those of the shareholders.

**2.6.2 Compensation policy for the Chairman & CEO (10<sup>th</sup> resolution)**

Presented below, in accordance with Article L. 22-10-8 of the French Commercial Code, is the report of the Board of Directors on the compensation policy for the Chairman & CEO (also referred to as the "Executive Corporate Officer"), which will be submitted to shareholders for their approval.

The Board of Directors draws on the general guiding principles of the AFEP-MEDEF Code for the purpose of defining, reviewing and implementing its compensation policy (compliance, comparability, competitiveness, completeness, incentivisation, performance, clarity and proportionality).

Pernod Ricard's compensation policy is based on the following three fundamental principles:

- aligning the interests of the Executive Corporate Officer with those of the shareholders;
- pay for performance;
- ensuring that the Executive Corporate Officer's compensation is market-competitive.

Each year, the Board of Directors ensures that these three fundamental principles are respected and the Board carries out an in-depth review of the policy at the time of the renewal of the Executive Corporate Officer's term of office. It's in this context that the Board of Directors proposed several changes to the compensation policy for the Executive Corporate Officer at the time of the renewal of his term of office last year, in order to ensure his compensation better reflects the principles of the policy.

### WHAT WE DO

- ✓ Align the compensation of the Executive Corporate Officer with the short- and long-term interests of shareholders
- ✓ Balance short- and long-term compensation, discouraging short-term risk-taking, which could compromise long-term results
- ✓ Monitor the compensation levels and structures observed in CAC 40 companies and our main competitors on an annual basis
- ✓ Seek the assistance of external specialists who understand market and industry trends
- ✓ Implement performance criteria linked to the Group's long-term strategy, taking S&R strategy topics into account
- ✓ Ensure that the Executive Corporate Officer's compensation policy is consistent with the compensation policy for Group employees, and in particular that of Executive Committee members

## Fundamental principles

### PAY FOR PERFORMANCE

FY 2026 target compensation structure

\* Estimated IFRS value of performance shares to be granted in respect of FY 2026.

### ALIGNING THE INTERESTS OF THE EXECUTIVE CORPORATE OFFICER AND SHAREHOLDERS

Substantial proportion of compensation in the form of shares

Alignment of short- and long-term performance conditions with the strategic priorities

Value creation (TSR) accounting for 30% of the long-term incentive plan

### ENSURING THE EXECUTIVE CORPORATE OFFICER'S COMPENSATION IS MARKET-COMPETITIVE

In € thousands

- (a) Fixed compensation and target annual variable compensation  
 (b) Fixed compensation, target annual variable compensation and long-term incentive plan granted

#### Focus on long-term compensation (in € thousands)

Grant level of long-term incentive plans

**Compared with the CAC 40 panel:** The Executive Corporate Officer's total target compensation (fixed and annual variable) is positioned at the median, and his overall target compensation, including the performance shares granted in 2024 is slightly below median. His compensation structure is in line with French market practices, with the majority of his compensation subject to performance conditions (73%).

**Compared with the peer panel:** the Executive Corporate Officer's total target compensation is between the 1<sup>st</sup> quartile and the median, and his overall target compensation sits very slightly above the 1<sup>st</sup> quartile.

The Board of Directors considers that the positioning of the Executive Corporate Officer's compensation compared with these two panels is therefore consistent, given the size of the Group, the complexity of its activities, its international footprint and the difference in compensation structures between companies in France and those in Anglo-Saxon companies.

#### COMPARISON PANELS

CAC 40 panel: comprising all CAC 40 companies.

Peer panel (international companies): ABInBev, Brown Forman, Campari, Carlsberg, Constellation Brands, Diageo, Heineken and Rémy Cointreau.

This year, the Board of Directors decided not to make any significant changes to the Executive Corporate Officer's compensation policy, in the aim of consistency and stability.

However, to ensure that the Executive Corporate Officer's compensation remains in line with the Company's long-term strategy, the Board of Directors, on the recommendation of the Compensation Committee, is proposing the following adjustments to the compensation policy:

<b>Performance criteria for annual variable compensation</b>	For FY 2026, the Board of Directors, on the recommendation of the Compensation Committee, has decided not to renew the criterion relating to the gender balance in Top Management, given that this target was achieved five years ahead of schedule. It will be replaced by a strategic objective linked to the Group's priorities. As in previous years, for confidentiality reasons regarding the Group's strategy, details of the non-financial and qualitative objectives may only be disclosed after the event and after assessment of their achievement levels by the Compensation Committee and the Board of Directors. The other criteria will be maintained.
<b>Performance conditions in long-term variable compensation</b>	<p><b>External performance condition (TSR)</b></p> <p>The Board of Directors considered it appropriate to remove Suntory from the panel this year in order to strengthen the link between Pernod Ricard's share performance and that of comparable companies intrinsically tied to the alcoholic beverages sector. Although there is a strong correlation between the performance of Suntory's Food &amp; Beverage and Spirits divisions, the fact that only the Food &amp; Beverage business is publicly listed in Japan did not justify its inclusion in a TSR panel now focused exclusively on the alcoholic beverages sector.</p> <p>The new peer panel will therefore comprise the following eight companies in addition to Pernod Ricard: ABInBev, Brown Forman, Campari, Carlsberg, Constellation Brands, Diageo, Heineken and Rémy Cointreau.</p> <p>The applicable vesting scale will remain unchanged, with 50% of the shares vesting if Pernod Ricard's TSR is fifth place in the panel.</p> <p><b>Internal performance condition linked to S&amp;R strategy</b></p> <p>People criterion:</p> <ul style="list-style-type: none"> <li>In view of the progress made by the Group on diversity aspects, with 40% of women in Top Management at 30 June 2025, the Board of Directors, on the recommendation of the Compensation Committee, has decided not to renew this target for the long-term variable compensation plans to be granted from FY 2026 onwards.</li> <li>It will be replaced by a criterion linked to people development, in line with the Group's revised S&amp;R roadmap and HR challenges.</li> </ul> <p>Criterion related to responsible drinking:</p> <p>On the recommendation of the Compensation Committee, the Board of Directors has decided to update this criterion to reflect the Group's revised S&amp;R roadmap.</p> <p>The other criteria, their individual weighting and the vesting scale will remain unchanged.</p>

The other components of the compensation policy will remain unchanged.

In the 10<sup>th</sup> resolution of the Shareholders' Meeting of 27 October 2025 (see Chapter 8, Shareholders' Meeting, of this Universal Registration Document) the shareholders will be asked to approve the following changes to the compensation policy for the Executive Corporate Officer.

## Compensation structure

The structure of the Executive Corporate Officer's compensation consists mainly of:

- cash compensation comprising a fixed portion and an annual variable portion directly related to his individual performance and contribution to the Group's performance; and

- stock compensation in the form of a grant of shares whose vesting is notably subject to the achievement of performance conditions, with a view to aligning the Executive Corporate Officer's interests with those of the shareholders.

<b>Fixed compensation</b>	€1,325,000
<b>Annual variable compensation</b>	Target: 110% of fixed compensation Maximum: 180% of fixed compensation <b>Performance conditions</b> <ul style="list-style-type: none"> <li>Financial criteria: target 80% and maximum 135% of fixed compensation</li> <li>Non-financial and qualitative criteria: target 30% and maximum 45% of fixed compensation</li> </ul>
<b>Long-term variable compensation</b>	Maximum amount: 100% of fixed and maximum annual variable compensation, subject to performance conditions
<b>Supplementary pension scheme</b>	20% of annual fixed and variable compensation (10% in performance shares and 10% in cash)
<b>Deferred commitments</b>	Non-compete clause + forced departure clause: combined maximum of 24 months' compensation (fixed and variable)
<b>Multi-year/exceptional variable compensation</b>	Any multi-year variable compensation or exceptional compensation must be precisely communicated and justified. No such compensation currently exists.
<b>Other</b>	Company car/collective healthcare and welfare schemes

## Annual fixed compensation

The fixed portion of the Executive Corporate Officer's compensation is determined based on:

- the level and complexity of his responsibilities;
- his experience and career history, particularly within the Group;
- his individual performance; and
- market analyses for comparable functions (study conducted with the help of specialised firms on the positioning of the compensation of the Executive Corporate Officer in relation to the practices of CAC 40 companies and international companies in the beverages sector for similar positions).

The possibility of a review of fixed compensation is analysed in detail whenever the Executive Corporate Officer's term of office is renewed. However, an early review may take place in the event of significant changes in the Executive Corporate Officer's scope

of responsibilities, the emergence of a significant gap between his compensation and the market positioning, or an exceptional event. In these specific situations, any adjustments made to his fixed compensation and the reasons for such adjustments would be made public.

Finally, in the event of the appointment of a new Chairman & CEO, Chief Executive Officer or Deputy Chief Executive Officer(s), these same principles will apply.

As a reminder, on 28 August 2024, on the recommendation of the Compensation Committee, the Board of Directors proposed increasing Alexandre Ricard's annual fixed compensation to €1,325,000 as from FY 2025 until the end of his term of office, to take account of high inflation since the previous increase, and to better align his compensation with the median compensation of CAC 40 companies.

## Compensation as Chairman of the Board of Directors

The Executive Corporate Officer does not receive any compensation for offices he holds in the Company or other Group companies.

## Annual variable compensation

The purpose of annual variable compensation is to reward the performance achieved during the financial year by the Executive Corporate Officer based on the annual performance objectives set by the Board of Directors in accordance with the Group's strategy.

The Board of Directors and the Compensation Committee strive to strengthen the link between performance and variable compensation and ensure that corporate social responsibility criteria are included in its calculation.

The variable portion of the Chairman & CEO's compensation is expressed as a percentage of annual compensation.

It may vary between 0% and 110% of the fixed compensation if the objectives are achieved (target level) and may rise to a maximum of 180% in the event of exceptional performance in relation to the objectives.

The variable portion is determined on the basis of financial, non-financial and qualitative criteria, in line with the Company's strategy.

Pursuant to the provisions of Article L. 22-10-34 of the French Commercial Code, the payment of annual variable compensation is subject to its prior approval by shareholders at the Ordinary Shareholders' Meeting (*ex-post* vote).

## Performance criteria

The performance criteria are reviewed regularly to ensure they are in line with the Company's long-term strategy and may be amended on an occasional basis. For FY 2026, the Board of Directors, on the recommendation of the Compensation Committee, proposed that the following criteria be defined:

(1) Achievement of the annual target for Group profit from recurring operations. (2) Achievement of the annual target for Group share of net profit from recurring operations. (3) Achievement of the annual target for Group recurring free cash flow. (4) Achievement of the annual target for the ratio of Group profit from recurring operations to net sales.

### FINANCIAL CRITERIA: TARGET 80% AND MAXIMUM 135%

	Target	Maximum
Achievement of the annual target for Group profit from recurring operations (PRO)	20%	33.75%
Achievement of the annual target for Group share of net profit from recurring operations (NPRO)	20%	33.75%
Achievement of the annual target for Group recurring free cash flow (RCF)	20%	33.75%
Achievement of the annual target for the ratio of Group profit from recurring operations to net sales (PRO/NS)	20%	33.75%

**NON-FINANCIAL AND QUALITATIVE CRITERIA: TARGET 30% AND MAXIMUM 45%**

	Target	Maximum
S&R (Sustainability & Responsibility)	15%	22.5%
<i>Health &amp; Safety</i>	5%	7.5%
<i>Nature &amp; Climate</i>	5%	7.5%
<i>Carbon Impact</i>	5%	7.5%
Strategic priorities	15%	22.5%
<i>Strategic priority no. 1</i>	5%	7.5%
<i>Strategic priority no. 2</i>	5%	7.5%
<i>Strategic priority no. 3</i>	5%	7.5%

**Description of the criteria****Financial criteria**

**Achievement of the annual target for profit from recurring operations:** adjusted for the effects of exchange rates and changes in the scope of consolidation. This criterion, one of the key elements of the Group's decentralised structure, provides an incentive to exceed the target for profit from recurring operations. This principle of a commitment to the annual target for profit from recurring operations aligns the divisions. This criterion rewards the management performance of the Executive Corporate Officer.

**Achievement of the annual target for Group share of net profit from recurring operations:** adjusted for the effects of exchange rates and changes in the scope of consolidation. This criterion takes into account the totality of the Group's financial elements that fall under the Executive Corporate Officer's responsibility for the financial year, aligning his compensation with that of the shareholders.

**Achievement of the annual target for recurring free cash flow:** adjusted for the effects of exchange rates. This criterion measures the Group's financial performance and value creation.

**Achievement of the annual target for the ratio of Group profit from recurring operations to net sales:** adjusted for the effects of exchange rates and changes in the scope of consolidation. This criterion measures how effectively the Company generates profit from its operations and is aligned with the Group's commitment to improving its operating margin. The divisions are rewarded based on the achievement level of their own targets for the ratio.

**Non-financial and qualitative criteria**

As in previous years, for confidentiality reasons regarding the Group's strategy, details of the non-financial and qualitative objectives may only be disclosed after the event and after assessment of their achievement levels by the Compensation Committee and the Board of Directors.

**Performance levels**

The achievement levels of the applicable objectives are disclosed on a criterion by criterion basis, once the performance assessment has been carried out.

**Termination of office**

If the Executive Corporate Officer leaves during the financial year, the amount of the variable portion of his compensation for the current year will be determined pro rata to his time in service during that year, based on the performance level recorded and assessed by the Board of Directors for each of the criteria initially adopted. However, it should be noted that no compensation will be paid if the Executive Corporate Officer is dismissed for gross negligence or with good cause or by way of a decision of the Board of Directors.

**Payment method**

In accordance with the law, the payment of annual variable compensation will be subject to prior approval by shareholders at the Ordinary Shareholders' Meeting.

**Long-term variable compensation: grant of performance shares**

Performance share grants have made up the long-term component of the Chairman & CEO's compensation package since stock option grants were no longer awarded in FY 2022. These grants are designed to incentivise the Chairman & CEO to achieve the Group's long-term goals and to more closely align the Company's best interests with those of its shareholders.

For the reasons above, the vesting of the shares is subject to (i) the achievement of performance conditions related to the Group's strategic priorities and (ii) the Chairman & CEO still holding his position (presence condition) at the end of the three-year vesting period.

Since FY 2025, the annual grant of shares to the Chairman & CEO has been capped at 100% of his fixed and maximum annual variable compensation. This maximum amount was introduced to take account of the need to support the Group's new growth phase, to underpin Pernod Ricard's goals and to motivate the Chairman & CEO by providing an incentive to achieve the Group's long-term targets.

For FY 2026, the Board intends to grant the Chairman & CEO the same amount of long-term incentive plan than in FY 2025, i.e., a total of €2,226,000 in IFRS value (i.e., 60% of the maximum amount), in order to:

- the Group's strong relative performance;
- the leadership demonstrated by Alexandre Ricard in a difficult and volatile environment;
- the launch of a new strategic plan;
- the successful implementation of short- and long-term operational efficiency measures.

This amount also takes account of the following factors:

- the stringency of the performance conditions, as demonstrated by historical vesting rates;
- the overall consistency of the Chairman & CEO's compensation structure, with a performance share grant representing 44% of his target overall compensation and of the compensation awarded in respect of the previous financial year;
- the grant value, stable compared with the previous financial year, but still significantly below the median grant of CAC 40 companies in 2024;
- the consistent positioning of the overall target compensation of the Chairman & CEO, including this grant, compared with companies on the CAC 40 panel (around 95% of the median) and with companies on the international panel (between the 1<sup>st</sup> quartile and the median), which takes into account the size of the Group, the complexity of its activities, its international footprint and the difference in compensation structures between companies in France and those in Anglo-Saxon companies.

The maximum amount of performance shares granted to the Executive Corporate Officer is limited to 0.08% of the Company's share capital on the grant date of the performance shares, as indicated in the resolution that will be submitted to shareholders for their approval at the Shareholders' Meeting of 27 October 2025 (10<sup>th</sup> resolution).

In addition and as explained in the introductory note to this section, on the recommendation of the Compensation Committee, the Board of Directors has decided to amend the performance conditions in the long-term incentive plan, by:

- external condition: removing Suntory from the peer panel;
- removing the criterion relating to the gender balance in Top Management and replacing it with a criterion relating to employee development;
- updating the criterion relating to responsible drinking.

The performance shares granted to the Chairman & CEO will therefore be subject to the following performance conditions:

(1) The peer panel proposed by the Board of Directors comprises the following eight companies in addition to Pernod Ricard: AB InBev, Brown Forman, Campari, Carlsberg, Constellation Brands, Diageo, Heineken and Rémy Cointreau. The composition of the Panel may be amended in the event of changes in the companies concerned, particularly in the event of an acquisition, absorption, dissolution, spin-off, merger or change of activity, subject to maintaining the overall consistency of the sample and enabling application of the external performance condition in accordance with the performance objective set at the grant date.

While the Board determines the performance conditions for each grant and promotes their stability, they may in some cases be adjusted.

The vesting of the performance shares is also subject to a presence condition (at the vesting date) which applies for all beneficiaries including the Executive Corporate Officer, subject to the exceptions specified in the plan regulations (notably in cases of death or disability) or decided by the Board of Directors. In the case of the Executive Corporate Officer, the Board of Directors may decide to remove the presence condition on a pro rata basis if it deems fit, but any such decision must be communicated and justified. The performance shares held will remain subject to all applicable plan regulations, particularly with regard to the calendar and performance conditions.

The Board of Directors requires the Executive Corporate Officer:

- to hold a number of shares in registered form until the end of his term of office, corresponding to:
  - in respect of stock options: 30% of the acquisition gain, net of social security contributions and taxes, resulting from the exercise of the stock options, and
  - in respect of performance shares: 20% of the volume of the performance shares that actually vest;

## Supplementary pension scheme

The supplementary pension scheme supplements the retirement schemes provided under compulsory basic and complementary schemes.

The Executive Corporate Officer therefore receives additional annual compensation equal to 20% of his fixed and variable annual compensation, paid each year as follows:

- half (corresponding to 10% of his annual compensation) in the form of the grant of performance shares, the number of which is determined based on the IFRS value of the shares on the grant date and which must be approved by the Board of

- to undertake to buy, when the performance shares vest, a number of additional shares corresponding to 10% of the vested performance shares; and
- once the Executive Corporate Officer holds a number of registered Company shares that matches more than three times his gross annual fixed compensation, the above-mentioned lock-in obligation will be reduced to 10% for both stock options and performance shares and the Executive Corporate Officer will no longer be required to acquire additional shares. If, in the future, the registered holdings fall below the ratio of three times, the above-mentioned lock-in and acquisition requirements will once more apply.

In accordance with the Code of Ethics, (the latest version of which was approved by the Board of Directors on 14 February 2024), and the AFEF-MEDEF Code, the Executive Corporate Officer has formally undertaken not to use hedging mechanisms either for stock options granted under previously established plans or shares resulting from the exercise of these options, or for performance shares received from the Company, until the end of the lock-in period set by the Board of Directors.

Directors each year. The performance, presence and lock-in conditions that will apply to these grants are the same as those provided for in the Group's general performance share plan in effect on the grant date; and

- half (corresponding to 10% of his annual compensation) in cash. It is specified that the Executive Corporate Officer will undertake to invest the cash component of this additional compensation, net of social security contributions and tax, in savings products dedicated to financing his supplementary pension.

## Policy on deferred commitments

### Forced departure clause

In the event of the Executive Corporate Officer's forced departure due to a change in the Group's control or strategy, he would be eligible for a severance payment representing a maximum of 12 months' compensation (most recent annual fixed and variable compensation set by the Board of Directors) subject to performance conditions. Such payment would not be due, however, in the event of (i) non-renewal of the Executive Corporate Officer's term of office, (ii) departure at the Executive Corporate Officer's initiative, (iii) a change of position within the Group or (iv) if he is able to claim his pension within a short period of time.

The severance payment provided for in the forced departure clause is subject to the following three performance criteria:

- criterion 1: rate of annual variable compensation achieved over the Executive Corporate Officer's term(s) of office: this criterion will be considered as met if the average annual variable compensation paid over the entire duration of the term(s) of office is no less than 90% of the target variable compensation;
- criterion 2: growth rate of profit from recurring operations over the term(s) of office: this criterion will be considered as met if the average growth rate of profit from recurring

operations versus the annual target for each year over the entire duration of the Executive Corporate Officer's term(s) of office is more than 95% (adjusted for the effects of foreign exchange rates and changes in the scope of consolidation); and

- criterion 3: average growth in net sales over the term(s) of office: this criterion will be considered as met if the average growth in net sales over the entire duration of the Executive Corporate Officer's term(s) of office is greater than or equal to 3% (adjusted for the effects of foreign exchange rates and changes in the scope of consolidation).

The amount of the severance payment that may be received under the forced departure clause will be calculated according to the following scale:

- if all three criteria are met, payment of 12 months' compensation<sup>(1)</sup>;
- if two of the three criteria are met: payment of eight months' compensation<sup>(1)</sup>;
- if one of the three criteria is met: payment of four months' compensation<sup>(1)</sup>; and
- if none of the criteria are met: no payment.

<sup>(1)</sup> Most recent annual fixed and variable compensation set by the Board of Directors.

## Non-compete clause

The signing of this non-compete clause for a period of one year is intended to protect the Group by preventing the Executive Corporate Officer from performing duties for a competitor, in return for an indemnity corresponding to 12 months' compensation (most recent annual fixed and variable compensation, set by the Board of Directors).

In accordance with the AFEP-MEDEF Code:

- the indemnity will be paid monthly during the applicable payment period;

## Multi-year compensation

The Board of Directors has decided not to use this type of long-term cash compensation mechanism, preferring to favour a share-based instrument more closely aligned with shareholders' interests.

However, such a mechanism might be envisaged if regulatory changes or any other circumstance were to make the use of a

- the clause provides that the Board of Directors may waive its application when the Executive Corporate Officer leaves;
- the indemnity will not be paid if the Executive Corporate Officer leaves the Group to retire or if the Executive Corporate Officer is over 65 years old; and
- the aggregate maximum amount of the indemnity under the non-compete clause and the forced departure clause (sum of both) is capped at 24 months' compensation (most recent annual fixed and variable compensation set by the Board of Directors).

share-based instrument restrictive or impossible. In this event, the principles and criteria for the determination, distribution and maximum grant of shares stipulated in the policy relating to share plans will be used in the structuring of such multi-year variable compensation using the most similar appropriate procedures possible.

## Exceptional compensation

In accordance with the AFEP-MEDEF Code (Article 26.3.4), the Board of Directors has adopted the principle whereby the Executive Corporate Officer may receive exceptional compensation in certain circumstances (particularly in the case of transformational transactions), which must be explicitly disclosed and justified.

Also in accordance with the AFEP-MEDEF Code (Article 26.4), if a new Executive Corporate Officer is recruited externally, the Board of Directors may also decide to pay an amount (in cash or shares)

to compensate the new Executive Corporate Officer for all or part of any loss of compensation (excluding retirement benefits) related to leaving their previous position. This compensation may not exceed the amount lost by the person in question.

In all cases, the payment of such compensation may only be made subject to the prior approval of the shareholders in an Ordinary Shareholders' Meeting pursuant to Article L. 22-10-34 of the French Commercial Code.

## Other benefits

### Company car

For fulfilling his duties as a representative of the Company, the Executive Corporate Officer has the use of a company car. Insurance, maintenance and fuel costs are borne by the Company.

### Collective healthcare and welfare schemes

The Executive Corporate Officer is a member of the collective healthcare and welfare schemes offered by the Company under the same terms as those applicable to the category of employees under which he is classified for the purposes of determining his welfare benefits and other additional components of his compensation.

## Exception to the implementation of the compensation policy for the Chairman & CEO

In accordance with the second paragraph of Section III of Article L. 22-10-8 of the French Commercial Code, in the event of exceptional circumstances, the Board of Directors may depart from applying elements of the compensation policy, provided that such a departure is temporary, is in the Company's interest and is necessary to ensure the Company's continued existence or viability. Any such departure will be decided by the Board of Directors, on the recommendation of the Compensation Committee and after obtaining the opinion, where necessary, of an independent consulting firm. Reasons must be given for the departure.

Any departure from the policy may only be temporary and in exceptional circumstances, such as in the case of a major event affecting markets in general or that of wines & spirits in particular.

The compensation elements that may be departed from, in either a positive or negative sense, are the annual or long-term variable compensation (but with no amendments to the applicable caps).

## Potential change of governance

If a new Chairman & CEO, Chief Executive Officer or Deputy Chief Executive Officer(s) were to be appointed, the compensation components, principles and criteria provided for in the compensation policy for the Chairman & CEO would also apply to them on a pro rata basis. In such a case, the Board of Directors, on the recommendation of the Compensation Committee, would then determine the objectives, performance levels, parameters, structure and maximum percentages of their variable compensation based on their annual fixed compensation, by adapting them to the situations of the parties concerned. These metrics may not be higher than those applicable to the Chairman & CEO.

Furthermore, regarding the annual variable compensation policy, in the event of the arrival of a new Executive Corporate Officer during the second half of a financial year, the Board of Directors will conduct a performance assessment at its discretion based on a proposal from the Compensation Committee and, in that case, the new Executive Corporate Officer will receive variable compensation corresponding to the prorated amount of the variable portion approved by the shareholders.

In addition to compensation received in respect of their office as Directors of the Company, César Giron and Patricia Ricard Giron received compensation in their respective capacities as Chairman and CEO of Martell Mumm Perrier-Jouët and Chairwoman of the Paul Ricard Oceanographic Institute.

A summary statement of the compensation and other benefits received by each of these Non-Executive Corporate Officers from companies controlled by Pernod Ricard SA, within the meaning of Article L. 233-16 of the French Commercial Code, is drawn up pursuant to Article L. 22-10-9, I-5° of said Code and is set out below.

### César Giron, member of the Board of Directors and Chairman and CEO of Martell Mumm Perrier-Jouët

#### Fixed compensation

César Giron receives gross fixed compensation for his duties as Chairman and CEO of Martell Mumm Perrier-Jouët which amounted to €560,592 for FY 2025.

#### Variable compensation

In his capacity as Chairman and CEO of Martell Mumm Perrier-Jouët, César Giron receives gross variable compensation for which the collective criteria are based on (i) the performance of the entity he manages and, (ii) the Group's results, with a view to strengthening solidarity and collegiality within top management.

César Giron is also assessed on the basis of individual criteria.

The variable portion of his compensation is expressed as a percentage of the annual fixed portion. It may reach 70% of his gross fixed compensation if the collective and individual objectives are achieved (target level) and can rise to a maximum of 126% in the event of exceptional performance in relation to the objectives. The criteria are reviewed regularly and may be amended on an occasional basis.

During FY 2025, he received gross variable compensation of €361,404 in October 2024 relating to FY 2024, i.e., 66.08% of his fixed compensation for FY 2024.

#### Exceptional compensation

No exceptional compensation was paid during or awarded for FY 2025.

#### Grant of performance shares

On 8 November 2024, the Board of Directors authorised a global performance share plan.

Under this plan, César Giron received the following grant:

- 2,585 shares subject to an external performance condition (IFRS value: €137,961.45); and
- 3,114 shares subject to internal performance conditions (IFRS value: €321,950.23).

Details of the overall performance share grant policy are provided below in subsection 2.6.5 of this Universal Registration Document.

#### Severance benefits

César Giron is not eligible for any severance or termination benefits.

#### Supplementary pension scheme

César Giron is a member of a conditional defined-benefit supplementary pension scheme (Article 39) under Article L. 137-11 of the French Social Security Code, under which beneficiaries must:

- have at least ten years' seniority within the Group when they retire (voluntary or compulsory retirement);
- be at least 60 years of age when they retire (voluntary or compulsory retirement);
- have claimed their basic and complementary French social security pensions (ARRCO, AGIRC);
- permanently end their professional career; and
- end their professional career within the Group. In accordance with the applicable regulations, employees aged over 55 whose contract is terminated and who do not take up another job are deemed to have retired. The aim of the scheme is to supplement the pension provided by France's mandatory state-run pension scheme. It offers retired beneficiaries a life annuity that can be passed on to their spouse and/or ex-spouse in the event of death.

Pensions are proportionate to the beneficiary's length of service, capped at 20 years. They are calculated on the basis of the beneficiary's average compensation (fixed and variable) over the three years preceding their retirement.

The amount of the supplementary annuity is calculated by applying the following coefficients to the basis of calculation:

- for the portion of the compensation between 8 and 12 times France's annual social security ceiling, the coefficient is 2% multiplied by the number of years' service (capped at 20 years, i.e., 40%);
- between 12 and 16 times France's annual social security ceiling, the coefficient is 1.5% per year of service (capped at 20 years, i.e., 30%); and
- in excess of 16 times France's annual social security ceiling, the coefficient is 1% per year of service (capped at 20 years, i.e., 20%).

The supplementary annuity equals the sum of the three amounts above.

In addition, the rights granted under this plan, added to those of other pensions, cannot exceed two-thirds of the amount of the beneficiary's most recent annual fixed compensation.

A provision is recognised on the balance sheet during the accrual phase and, when the beneficiary claims their pension, the capital is transferred to an insurer and thus entirely outsourced.

Funding for this scheme is the responsibility of Pernod Ricard, which pays premiums to a third-party insurer to which it has entrusted management of the scheme.

In accordance with the provisions of Article D. 22-10-16 of the French Commercial Code, at 30 June 2025, the estimated gross amount of the annuity potentially paid under the defined-benefit supplementary pension scheme for César Giron would amount to €165,135 per year.

The related social security contributions payable by Pernod Ricard correspond to 24% of the contributions transferred to the insurer.

Furthermore, in accordance with French government order 2019-697 of 3 July 2019:

- the scheme has been closed since 2016;
- no additional rights may vest in respect of periods of employment after 1 January 2020.

### Collective healthcare and welfare schemes

The conditions governing Directors' compensation allocated out of the total annual amount of Corporate Officer compensation authorised by the Shareholders' Meeting are determined by the Board of Directors on the basis of a recommendation from the Compensation Committee.

With the exception of the Executive Corporate Officer, the Directors receive fixed compensation for their duties, which may be increased for Committee members.

A proposed budget of €1,450,000 for FY 2026 will be put to the vote at the Annual General Meeting.

In addition to the compensation provided for in the compensation policy for Directors, César Giron and Patricia Ricard Giron received compensation in their respective capacities as Chairman and CEO of Martell Mumm Perrier-Jouët and Chairwoman of the Paul Ricard Oceanographic Institute, the main characteristics of which are detailed in section 2.6.3 of this report.

### 2.6.5 Other aspects of the compensation policy (not subject to the shareholder vote)

#### Global long-term incentive policy

In FY 2025, the Board of Directors reaffirmed its commitment to giving key employees a stake in the performance of Pernod Ricard shares, and decided to set up a performance share plan for the members of the Executive Committee and other senior managers.

The Board's aim is to continue to align the interests of Pernod Ricard employees with those of its shareholders by encouraging them to hold shares of the Company. In FY 2025, more than 500 employees were granted performance shares under this plan.

The Board of Directors confirmed the following plan features on the recommendation of the Compensation Committee:

- for senior managers other than Executive Committee members: grants of shares subject to internal performance conditions. The conditions applicable to these grants in FY 2025 were as follows:

Performance condition	Description of the criterion	Performance assessment methods
<b>PRO</b> (profit from recurring operations)	Average annual achievement of the Group's profit from recurring operations ( <b>PRO</b> ) objective over three consecutive financial years, adjusted for the effects of exchange rates and changes in the scope of consolidation	<ul style="list-style-type: none"> <li>average <math>\geq 1</math>: 100% of the shares</li> <li>average between 0.95 and 1: straight-line increase between 0% and 100% of the shares</li> <li>average <math>\leq 0.95</math>: 0% of the shares</li> </ul>
<b>S&amp;R</b> (Sustainability & Responsibility)	Achievement of the following criteria assessed over a period of three consecutive financial years (including that during which the shares were granted): <ul style="list-style-type: none"> <li><b>carbon</b>: implementation of the roadmap to reduce direct CO<sub>2</sub> emissions generated by our sites (Scopes 1 and 2) in order to reduce carbon emissions by 54% in absolute terms by 2030;</li> <li><b>water</b>: implementation of the roadmap aimed at reducing water consumption in our distilleries by 20.9% by 2030;</li> <li><b>responsible drinking</b>: Pernod Ricard's strategic brands will launch marketing campaigns focused on responsible drinking, with the aim of ramping them up each year over the next five years;</li> <li><b>people</b>: objective of achieving gender balance in our Top Management (at least 40% of each gender) by 2030.</li> </ul>	<ul style="list-style-type: none"> <li>4 objectives achieved: 100% of the shares</li> <li>3 objectives achieved: 75% of the shares</li> <li>2 objectives achieved: 50% of the shares</li> <li>0 or 1 objectives achieved: 0% of the shares</li> </ul>

- for the members of the Executive Committee: grants subject to the same performance conditions as the Chairman & CEO. The performance shares granted in FY 2025 were subject to two internal performance conditions (described above) and one external performance condition, as described below:

Performance condition	Description of the criterion	Performance assessment methods
<b>TSR</b> (total shareholder return)	Positioning of the overall performance of the Pernod Ricard share (TSR) compared to that of the Panel of nine peers <sup>(1)</sup> over a period of three years following the grant under the plan	<ul style="list-style-type: none"> <li>1<sup>st</sup> or 2<sup>nd</sup> position: 100% of the shares</li> <li>3<sup>rd</sup> or 4<sup>th</sup> position: 85% of the shares</li> <li>at the median (5<sup>th</sup> position): 50% of the shares</li> <li>6<sup>th</sup> to 10<sup>th</sup> position: 0% of the shares</li> </ul>

(1) The peer panel proposed by the Board of Directors comprises the following nine companies in addition to Pernod Ricard: AB InBev, Brown Forman, Campari, Carlsberg, Constellation Brands, Diageo, Heineken, Rémy Cointreau and Suntory. The composition of the Panel may be amended in the event of changes in the companies concerned, particularly in the event of an acquisition, absorption, dissolution, spin-off, merger or change of activity, subject to maintaining the overall consistency of the sample and enabling application of the external performance condition in accordance with the performance objective set at the grant date.

For all beneficiaries of the long-term incentive plan, the vesting period of the shares is three years.

## Grant of performance shares with an external performance condition

The number of performance shares with an external performance condition granted by the Board of Directors on 8 November 2024 (including the Executive Corporate Officer) amounted to 43,532 (excluding shares linked to the supplementary pension scheme).

## Grant of performance shares with internal performance conditions

The total number of performance shares granted by the Board of Directors on 8 November 2024 was 369,744 (excluding shares

linked to the supplementary pension scheme) and they were all subject to the two internal performance conditions described above: one relating to profit from recurring operations (PRO) and the other to the Group's S&R strategy.

## Grant of shares without performance conditions

The number of shares without performance conditions granted by the Board of Directors on 8 November 2024 was 97.

### Employee profit-sharing plans

Employees of the Group's French companies are covered by statutory and voluntary profit-sharing agreements based on the results of each specific entity. In line with the Group's decentralised structure, the terms and conditions of each of these agreements are negotiated at the level of each entity concerned.

Similarly, outside France, the Group encourages all of its affiliates to implement local agreements enabling employees to share in the profits of the entity to which they belong.

Profit-sharing agreements of this type exist in countries including Ireland and the United Kingdom: in each of these countries, employees may potentially receive Pernod Ricard shares based on their entity's annual results.

### Provisions for pension benefits

Details of the total amounts recorded as provisions or otherwise recognised by the issuer for the payment of pensions are set out in Note 4.7 – *Provisions* to the consolidated financial statements.

## Equity ratios between the compensation of Alexandre Ricard, Chairman & CEO, and the average and median compensation of the Company's employees

Information concerning the ratios between the compensation of the Chairman & CEO and the average and median compensation of the Company's employees is presented below in accordance with the provisions of Article L. 22-10-9 of the French Commercial Code.

### Calculation method

The average and median compensation amounts were calculated on a full-time equivalent basis for the Company's employees other than the Chairman & CEO.

This compensation, taken into account on a gross basis, includes the following components: fixed compensation, annual variable compensation paid, additional payments under the defined contribution supplementary pension scheme, employee savings schemes, benefits in kind and long-term incentive plans valued at their fair value at the grant date, as recognised in the consolidated financial statements in accordance with IFRS 2. This valuation corresponds to a historical value at the grant date as calculated for accounting purposes. It does not represent a

current market value, nor the value that could be received by the beneficiary if the shares granted to them vest, especially in view of the fact that it is possible that the performance conditions will not be met.

The scope of employees included only covers employees who were present continuously for two consecutive financial years. For part-time employees, compensation has been calculated on the basis of full-time equivalents.

The ratios and annual changes in compensation were calculated on the basis of the gross compensation components paid during or awarded for the current year (and therefore include the variable compensation and profit-sharing due in respect of the prior year). The legal scope of this information covers Pernod Ricard SA. In addition, in accordance with recommendation 27.2 of the AFEF-MEDEF Code, the ratios are also disclosed for a broader scope, representative of the Group's business in France and including Pernod Ricard SA and all direct and indirect affiliates located in France.

The table below was drawn up taking into account the template issued by the AFEP in its guidelines updated in February 2021.

## Compensation of Executive Committee members

The Compensation Committee is kept regularly informed of changes in the compensation of the Group's key executives. The Committee ensures consistency between the compensation policy applicable to the Executive Corporate Officer and the policy applicable to the Group's key executives in France and abroad. It also makes sure that CSR criteria are included in these executives' variable compensation.

The Chairman & CEO is assisted by the Executive Committee and an Executive Leadership Team (ELT), which bring together the heads of the Group's key corporate functions and key business leaders from its main markets and brands.

The compensation of the members of the Executive Committee (excluding the Chairman & CEO), which is set by General Management, comprises an annual fixed portion, plus a highly incentivising variable portion, for which the criteria are based on both the Group's financial and non-financial performance, as is the case for the Executive Corporate Officer.

The members of the Executive Leadership Team and all of the Group's senior managers have a similar pay structure, based on the same Group financial performance indicators as those applicable to the Executive Committee, and they are all assessed based on CSR criteria. They are also assessed on the performance of their entity/market.

Total fixed compensation awarded to the members of the Executive Committee, including the Executive Corporate Officer, amounted to €5.4 million for FY 2025 (versus €5.5 million for FY 2024). In addition to this, total variable compensation of €3.7 million was paid in FY 2025 in respect of FY 2024 (versus €5.4 million paid in FY 2024).

The total recurring expense in respect of pension obligations for members of the Executive Committee, including the Executive Corporate Officer, was €2.9 million in the financial statements for FY 2025 (versus €2.8 million in FY 2024).

## 2.7 Non-discrimination policy and diversity in Top Management

The non-discrimination policy is part of our social and equal opportunity policy. As a skills- and performance-based organization, we have well-established equitable, transparent and consistent global HR and Talent management processes applicable to all our affiliates around the world, powered by a centralized HR information system.

Talent & compensation decisions are based on performance, merit and experience. Pernod Ricard's affiliates follow the same global performance & talent assessment & development process, and we monitor the number of employees who have had a performance and potential review and been given an individual development objective to ensure they receive adequate development. The annual global strategic talent review process and succession planning are a strategic business priority for senior management and across the business. These talent processes focus on assessing, identifying and growing internal talents globally while also preparing the future leaders in the business. These processes aim to ensure the right talent at the right place at the right time while providing the greatest possible consistency across all affiliates worldwide regarding the methodology and tools on performance assessment, personal development, and career advancement of all Group employees.

In 2019, the Pernod Ricard Board of Directors, on the recommendation of the Nominations and Governance Committee, set ambitions as part of its Sustainability & Responsibility roadmap regarding positions at the Group's leadership bodies.

Thus, we have been committed to a talent management roadmap aimed at providing advancement to leadership positions based on performance, merit and experience. As a responsible employer, we respect two applicable French laws:

- Law of 27 January 2011 known as the "Copé-Zimmermann Law" that requires listed companies and companies with more than 250 employees or with net sales exceeding €50 million to comply with this specific legislation.
- Article 14 of Law No. 2021-1774 of 24 December 2021, aimed at accelerating economic and professional equality, establishes an obligation for balanced representation of women and men among senior executives and members of the governing bodies of large companies, accompanied by a transparency obligation in this regard.

As a result, Pernod Ricard compiles statistics to comply with French legal requirements and as reflected below:

Calculation based on Board composition at 30 June 2025.

While any HR decisions are based on performance, merit and experience we constantly challenge our internal processes every time needed to continue providing or improving fair access to opportunities to our talents. Pernod Ricard is currently reviewing its People and Equal Opportunities KPIs, with the intention to evolve future performance metrics in light of shifting strategic priorities and an evolving legal and regulatory landscape. In doing so, starting from next fiscal year, we are going to disclose two new commitments regarding recruitment and development with:

- equal opportunities for career & development;
- fair access to internal job opportunities.

The Board of Directors oversees senior management in all of the aforementioned efforts. The diversity policy and the results obtained are presented annually to the Board of Directors by General Management.
